

V-Tech Solutions, Inc. Celebrates Its 10th Anniversary

September 24, 2010 Silver Spring, MD – [V-Tech Solutions, Inc. \(V-Tech\)](#)'s marks its 10th corporate anniversary this weekend. Victor P. Holt founded V-Tech on September 26, 2000. After 10 years, V-Tech has grown from Victor's dining room table to a 73-person business headquartered in downtown Silver Spring, MD with a presence in several Federal agencies.

V-Tech's first contract was with the DC Government, Office of Corporate Counsel, providing helpdesk support services. Its first 8(a) contract was awarded in October 2004 at the U.S. Environmental Protection Agency where V-Tech continues to support the Building Services Desk.

V-Tech entered into a Mentor-Protégé relationship with HP Enterprise Services in October 2008, which allows V-Tech to benefit from professional, hands-on guidance and knowledge. In addition, our HP protégé experience has allowed us to implement best practices and institute industry standards. V-Tech launched its ISO 20000-1 service management system in May 2010 and anticipates certification in fall 2010.

V-Tech's slogan, "Excellence @ Work," exemplifies its commitment not only to ensuring that our clients meet their program objectives, but also to our commitment to excellence in the communities in which we serve. As such, V-Tech takes its responsibility of being a good corporate citizen very seriously and gives back by making donations to various local and national charities including the Clinton Bush Haiti Relief Fund, Heifer International, and STEPdc, among others. In addition, V-Tech will be sponsoring several local scholars as part of the Black Data Processing Associates' (BDPA) STEM Classroom to Boardroom NBDPA Student and Executive Protégé Programs.

"It's hard to imagine that V-Tech will be celebrating its 10th anniversary this September. It seems like it was only yesterday when we were awarded our first helpdesk contract," says Victor Holt, President and CEO of V-Tech. "Needless to say, a lot has changed since then. I am extremely proud of what we have achieved over the years and even more excited about our outlook for an equally promising future."

V-Tech has established a strong foundation for success over the past 10 years and looks forward to a bright and successful future.

About V-Tech

As a VA– certified Veteran–owned Small Business (VOSB), V–Tech provides high quality Data Center Services, IT Security, and Service Desk Support to our DoD, Federal, State, and Local clients.
