## Health

### DC Department of Behavioral Health (Prime)

V-Tech supports the Department of Behavioral Health (DBH) at St. Elizabeth's Hospital for Adult Patient Mental Acute Care and the District's Comprehensive Psychiatric Emergency Program (CPEP). Our Clinicians, RNs, and CNAs health professionals provide emergency and in-patient psychiatric evaluative treatment, monitoring, and intervention services.

### DC Department of Behavioral Health (Subcontractor)

As a subcontractor, V-Tech provided the Department of Behavioral Health (DBH) Integrated Community Response Team (ICRT) with qualified behavioral health specialists, including DC Licensed Clinical Social Workers, Mental Health Specialists, Clinicians, and Lead Peer Recovery Coaches. The ICRT worked with First Responders and District Agencies to support the District's Opioid and Fentanyl crisis and its affected consumers.

## Legal

### Operation Allies Welcome (Legal Services)

V-Tech Solutions, Inc. provides crucial legal assistance to Afghan parolees seeking permanent resettlement in the United States. Our team of approximately 30 immigration attorneys nationwide is a vital part of the representation team for the nearly 80,000 Afghan evacuees paroled into the United States seeking immigration relief from TPS, Special Immigrant Visa (SIV), family reunification, and asylum. Handling representation from consultation to adjustment of status interviews, our advocacy has been instrumental in the resettlement of these families.

### Department of Homeland Security, Office of Refugee Relocation (ORR) (Subcontractor)

V-Tech supports migrants seeking resettlement in the United States with case management and advocacy. Migrants' cases management focuses on the rights and needs of migrants by developing, monitoring, and evaluating resettlement plans, identifying and connecting migrants with resources for housing, food, transportation, education, legal, and employment. Migrant case management is fundamental to migrants' resettlement and integration in our community.

## Technology

### Food and Drug Administration (Prime)

V-Tech provided Operations and Maintenance support for the FDA in-house legacy systems during the Operations & Maintenance (O&M) Phase. These systems had been certified and accredited and released into the full-scale production for sustained use and operations/maintenance support. We ensured the daily care and feeding, operational enhancements and upgrades were performed and successfully executed.

### Naval Research Laboratory (Prime)

V-Tech worked closely with NRL's IT Security Group in support of their Certification and Accreditation approvals for both internal and external Navy-wide operational systems. V-Tech generated the documentation required to comply with all DIACAP, NIST, and RMF activities as defined in DoD 8510.01, including but not limited to: PIA and e-authentication; SIP and reviews of IT portfolio compliance; control validation; ports, protocols, and cross-domain solutions network support; network mapping; test plan development (retina, STIGs, COBIT, industry standards); scorecard reviews; review of MOUs and MOAs for CND transaction processing; and POA&M development and reviews.

## Professional Services

### Center for Medicaid/Medicare Services (Prime)

V-Tech provides Legal Research and Analysis Assistance to CMS Inpatient Psychiatric Facilities Prospective Payment System, Partial Hospitalization Program, End Stage Renal Disease, and Religious Nonmedical Health Care Institutions programs. This includes rulemaking assistance and writing on Medicare Payment Policy for End Stage Renal Disease, Inpatient Psychiatric Facilities, Prospective Payment System, and Partial Hospitalization Program issues.

### Department of Education (Subcontractor)

V-Tech schedules up to 100+ contractor personnel to support the US Department of Education Federal Student Aid Contact Center, providing administrative support services for the federal student loan program. Personnel is responsible for the accurate intake of calls, searching databases for accurate responses, and responding to requests for information via telephone, email, text, mail, and chat; updating files accurately; and using proper grammar, spelling, and punctuation in all communications.
